-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

RD

1. Claims 23-28 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on June 17, 2004.
2. In view of the papers filed March 28, 2005, it has been found that this nonprovisional application, as filed, through error and without deceptive intent, improperly set forth the inventorship, and accordingly, this application has been corrected in compliance with 37 CFR 1.48(a). The inventorship of this application has been changed by the addition of Michael M. Song.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of Office records to reflect the inventorship as corrected.

3. Claims 1, 3-14, and 29-32 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter that was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Applicant claims the upper rear portion of the frame located posterior to the fender, however, this is not consistent with applicant's overall disclosure. The term "posterior" means behind or to the rear of. Applicant's frame rail is not behind or to the rear of the fender. Rather, the fender surrounds the frame rail so that the rails are interior of the fender, not posterior to it. Applicant's original disclosure does state, on

page 7, lines 16-17, that the "rear frame rails 44 are located posterior to the fender 34". However, this statement describes the structure of Figure 3, which clearly shows the fender attached exterior of the frame rails, including at the rear end of the fender. Page 6, lines 21-22, also recite "rear fender 34 is mounted initially over the rear frame rails 44". Therefore, the fender encloses the rails and no part of the rails extends to the rear of, or "posterior to", the fender. Also, only a portion of the fender extends rearwardly of the one or more components. Generally, the component straddles the fender somewhat and is mounted above it.

4. Claims 15, 16, and 18-22 are allowed.

5. Applicant's arguments with respect to claims 1, 3-14, and 29-32 have been considered but are moot in view of the new ground(s) of rejection.

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Anne Marie M Boehler whose telephone number is 571-272-6641. The examiner can normally be reached on 7:30-5:00, Monday-Thursday, and alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lesley Morris can be reached on 571-272-6612. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
